PRACTICAL ORGANIC CHEMISTRY (FOR THE BEGINNERS)

NCBA Publisher, New Delhi, 2012. Soft cover. Book Condition: New. First. 242pp. The book, more of an instructive type than a descriptive one, shall remind the readers of the fact that Chemistry is basically an experimental science where theory and experiment go hand in hand. The experiments included in the text have been mostly repeated in the laboratories with utmost satisfaction, while a few recent findings have also been incorporated to keep the book updated.

Reviews

Absolutely essential go through ebook. It is actually rally intriguing throug looking at time. I realized this ebook from my i and dad advised this publication to understand.

-- **Prof. Demetris Rau III**

I just started out looking over this ebook. it was writtern extremely perfectly and useful. You are going to like the way the blogger publish this book.

-- **Micaela Kutch**

A top quality ebook as well as the typeface used was interesting to see. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
