VISUAL PERCEPTION : AN INTRODUCTION

Routledge, UK, 2001. Hardcover. Book Condition: New. Dust Jacket Condition: No Dust Jacket. First Edition. 294 Pages. NEW. Vision is our most dominant sense, from which we derive most of our information about the world. From the light that enters the eye and the processing in the brain that follows we can sense where things are, how they move and what they are. The first edition of Visual Perception took a refreshingly different approach to perception, starting from the function...
