Nation Books, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Nies' great triumph is to emphatically bring the 'bloody nuisance' of the story behind the growth of the West to the public eye. Her book is essential reading for those seeking to understand the largely hidden history and the forgotten deals and injustices that keep Las Vegas and Los Angeles glimmering." -- Hector Tobar, Los Angeles Times "A hard-hitting chronicle of the hidden history behind the creation of Las Vegas. An important, multifaceted page-turner." -- Kirkus Reviews "If you're headed to Las Vegas for vacation, pack this book along. In between visits to the giant pyramids and faux Manhattans, read it to get a real understanding of exactly how fragile this mirage is." -- Bill McKibben, author *Wandering Home: A Long Walk Across America's Most Hopeful Landscape* "In this cautionary tale of money and power, Judith Nies has created a heart-wrenching account of the exploited American West--its resources and its people. *Unreal City* exposes the strange bedfellows and revolving doors that fuel crony capitalism. At the heart of it all is the public-private plunder that has sadly become the nation's new normal, and the tragic toll it takes on everything in its path. Unsettlingly reminiscent of Polanski's *Chinatown*, it is a brave undertaking." --Sally Denton, investigative reporter, historian, and author of *The Money and the Power: The Making of Las Vegas and Its Hold on America* "This book is blood-boilingly splendid. Meticulously reported and shocking in detail, *Unreal City* brilliantly dissolves the fraudulently spun myths of the American West to reveal a grim, heartbreaking progression of despoliation, waste, corruption, and betrayal of native peoples. This is the reality behind the insatiable Western Sunbelt and that desert chimera, Las Vegas. Throughout, Judith Nies brings...
