

Family and Kinship in East London (Paperback)

By Michael Young, Peter Willmott

Penguin Books Ltd, United Kingdom, 2007. Paperback. Book Condition: New. 192 x 128 mm. Language: English . Brand New Book. Although housing in Bethnal Green was often appalling, a complex network of relatives - families of three generations held together by the powerful mother-daughter bond at the centre - was always available to provide mutual aid and a sense of community. It was when families were rehoused in the immaculate new estates outside London, miles away from their kin, that the vital support system broke down, with disastrous effects on the quality of people's lives. This famous book, based on a major three-year research project, makes clear how planners have frequently failed to understand real human needs; it also provides a marvellous portrait of the resilience and generosity of spirit which went at least some way to compensate for the deprivations of inner-city working-class life.
