Doubleday, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: " The People in the Trees is a Nabokovian phantasmagoria, bound to raise serious, interesting, troubling questions. Hanya Yanagihara is a writer to watch." -- Madison Smartt Bell, author of *The Color of Night* and *All Souls' Rising* "The People in the Trees is not a first novel like other first novels. This is a big, soaring, old-school, super-absorbing vehicle into another world. It's a mystery story, an ecological parable, a monstrous confession, and a fascinating consideration of moral relativism. Yanagihara's narrator is misanthropic and grotesque, yet simultaneously magnetic; her prose is dazzling; and her book is a triumph of the imagination. --Anthony Doerr, author of *Four Seasons in Rome* and *The Shell Collector* "This is an engrossing, beautifully detailed, at times amazing (and shocking) novel, and right up my alley: a far-off and beautiful place in the Pacific, islanders living to their own drumbeat, earnest meddling outsiders, and a sticky outcome--the Fall, with a lot of science and passion behind it, and an impressive debut for Hanya Yanagihara. I loved this book." --Paul Theroux, author of *The Lower River* and *The Great Railway Bazaar*.
